A lower energy bill can be a valuable New Year's goal. Take Care of Texas offers the following tips to help you not only reduce lighting and heating costs, but also give you that warm feeling knowing you're doing something good for the environment.

**Turn down your thermostat.** When you're asleep or out of the house, turn your thermostat back 10 to 15 degrees for eight hours and save around 10 percent on your heating bills.

**Use the sun's heat.** Open curtains on south-facing windows during the day allowing sunlight to heat your home. Close them at night to reduce the chill you may feel from cold windows.

**Change your HVAC filter** regularly, especially during the heavy-use winter months. A dirty filter slows airflow, making the system work harder, which wastes energy. Replace it at least every three months.

**Limit using your wood-burning fireplace.** It provides ambiance, but it's inefficient. Fireplace drafts can pull warm air up the chimney, robbing warmth from other rooms. Be sure to keep the damper closed unless a fire is burning.

**Weatherize your home.** Caulk around windows, doors, and pipes to seal air gaps and add weather stripping to doors and windows. This can save you up to 10 percent on your heating bills. Also, check to make sure your attic is insulated properly. Most homes do not have enough insulation.

### **Join Keep Lago Vista's Lago Litter Challenge**

**#lagolitterchallenge**

Lago Vista is proud of its scenic views of the Hill Country and Lake Travis. Unfortunately, many of our roads and streets are marred with unsightly litter. The City of Lago Vista and the Keep Lago Vista Beautiful organization recently kicked off the Lago Litter Challenge. This campaign aims to prevent littering and to encourage residents to adopt a street to keep free of litter.

If you would like to adopt a street or public space, contact Frank Coletta at [coletta\\_j@msn.com](mailto:coletta_j@msn.com).

### **Start the New Year with Programs at the Library**

The Lago Vista Public Library has received a \$10,309 grant from the Ladd and Katherine Hancher Library Foundation to purchase three Early Literacy Workstations from AWE Learning, a Pennsylvania based company whose mission is to "inspire an enthusiasm for learning by supporting school readiness and literacy in the community."

Designed to attract and educate toddlers through early elementary school ages, the self-contained computer/workstations do not require the internet; thus providing a safe learning environment. The workstations offer some 70 programs with more than 4,000 localized learning activities. Children have access to multi-curricular content - math, science & nature, social studies & geography, reading, art & music, writing & computer skills, and reference. Visit the library's website and/or social media pages to find out when the workstations will be in place and ready to use.

The Friends of the Lago Vista Public Library will hold a special 2-day Book Sale in the Library Meeting Room. With thousands of items including books for all ages and interests, audiobooks, magazines, DVDs, CDs, games and puzzles, everyone can find something wonderful! All proceeds benefit the library.

- Friday, January 10, from 9 a.m. to 6 p.m.
- Saturday, January 11, from 9 a.m. to 2 p.m.

Visit the library's website at [www.lagovista.lib.tx.us](http://www.lagovista.lib.tx.us) for more information about the Book Sale and for dates and times of other programs and events scheduled during January.
