

## About

I've called Lago Vista home since 2018, when my husband and I chose this amazing community as our forever home. With more than 25 years of experience as a strategist, futurist, and community advocate, I've dedicated my career—and now my service—to fostering sustainable growth and the well-being of the communities I care about.

Since settling here, I've been actively involved in shaping the future of Lago Vista. I've had the privilege of serving on the Economic Development Advisory Board, the Planning and Zoning Commission, and the Comprehensive Plan Advisory Committee. As Vice-President of the Lions Club and co-advisor to the LEOs, I also enjoy working with our youth, helping them grow as leaders and community members.

My professional journey has been about creating innovative solutions that make a real difference. From leading career transition programs during the Great Recession to co-authoring "Foresight 2025 ~ A View of the Future of Work," I've always been passionate about uplifting people and organizations.

Now, as a City Council member, I'm honored to give back to Lago Vista by working to make our city a thriving, sustainable, and forward-looking place for everyone who calls it home.

## COUNCIL GOALS

As your Mayor Pro Tem, I am committed to focusing on two critical areas that shape the future of Lago Vista: water security and fiscal responsibility.

Water is life, and ensuring our water systems are secure, efficient, and prepared for future demands is a top priority. I am dedicated to making the necessary investments and improvements to protect this vital resource for our community's long-term growth and well-being.

Equally important are our city's finances. Transparency and responsible management are at the heart of my approach. I strive to make informed decisions, use our resources wisely, and pursue creative funding solutions—such as targeted and strategic economic development, grants and state resources—that reduce the financial burden on taxpayers. My goal is to ensure our budget reflects the needs of our community while supporting sustainable growth.

I am here to serve you, and I value open communication with every resident. Your feedback, ideas, and concerns are invaluable as we work together to shape the future of Lago Vista. Please don't hesitate to reach out to me via email—I look forward to hearing your thoughts and collaborating to make our community even better.
