PUBLIC NOTICE: Lead Service Line Inventory Requirement

The City of Lago Vista (PWS ID: 2270092) has received two violations from the Texas Commission on Environmental Quality (TCEQ) for not submitting a required Lead Service Line Inventory (LSLI) by the October 17, 2024, deadline. While there is no known lead in our water system and no immediate risk to public health, federal and state regulations require all public water systems to inventory service lines to identify any potential lead components. The City is actively working to complete this inventory and submit it to TCEQ, with an anticipated completion date of September 2025. There is no action required from residents at this time, and the water remains safe to drink.

More information can be found on the City Website at:

KLVB

For the past several months, Keep Lago Vista Beautiful (KLVB) has proudly partnered with the Friends of the Library to transform the area between the Library and City Hall. We're thrilled to announce that a new sculpture has been installed—a heartwarming statue of a young girl reading to a little boy as they sit together on a log.

This project wouldn't have been possible without an incredible team effort:

- Mike Leitko & Dan Sellers – for setting the concrete and stonework
- Jason Sellers – for helping drill and secure the statue
- Bryan from Red Glass Iron Works – for designing a clever way to fasten the sculpture securely
- Friends of the Library – for funding the final section of stonework
- Alex and the crew at LV Contractors – for laying every stone with care

This was truly a community effort, and we couldn't be prouder. Thank you to everyone who played a part in making this vision come to life. The Green Space is now complete, and ready for all to enjoy!

Kids are welcome to climb on the caterpillar, but please do not climb on the statue of the children so we can keep it beautiful for everyone.
